Over Two Decades of Industrial Excellence...

It is the right time to join JIMEX Trade Show 2026

Invitation to Participate @ JIMEX

JUNE 15 – 18, 2026 / Halls of JIEC, Next to Mecca Mall – Amman, Jordan

Dear Exhibitors and Industry Leaders,

It is our great pleasure to welcome you to JIMEX 2026, the 21st edition of the International Machinery, Electricity & Energy Trade Show.

For more than two decades, JIMEX has been held under the patronage of His Excellency the Prime Minister of Jordan, in cooperation with distinguished associations and organizations.

JIMEX continues its journey as the region's most established industrial trade event.

Since its launch in 2004, JIMEX has evolved into a vital platform for showcasing cutting-edge machinery, industrial solutions, electrical systems, automation, and energy technologies.

Over the past 20 years, the event has hosted thousands of companies and welcomed tens of thousands of trade professionals from Jordan and across the world, contributing to regional industrial growth and cross-border collaboration.

The upcoming 2026 edition reaffirms JIMEX's position as a gateway to Near and Middle East markets. With over 250 expected exhibitors and 25,000+ trade visitors, JIMEX 2026 will once again offer high-level networking, knowledge-sharing forums, and access to fast-growing sectors like smart manufacturing, digital energy systems, and next-generation infrastructure technologies.

New exhibit sector: Recycling at JIMEX 2026: A dedicated platform for advanced recycling solutions in energy & industry, turning waste into valuable resources, supporting sustainability, circular economy, and greener growth. Pavilions from India, China, European & Arab countries are main international participations.

With pleasure, we invite you to join JIMEX 2026 in Amman in June 2026 to explore new opportunities connect with industry stakeholders, and take part in shaping the future of industrial innovation.

***Warm regards,
JIMEX Organizing Committee***

Why Jordan?

His Majesty King Abdullah II has stated:

"Jordan may be small, but it is rich in strategic assets...Jordan is a gateway for regional and world trade and business."

- Positioned at the heart of the Near East.
- Jordan is a gateway to strategic markets.
- With a stable business environment and Strong infrastructure.
- It is the perfect setting to expand your regional presence.

About JIMEX 2026

Celebrating over two decades of excellence, JIMEX 2026 continues to be the region's premier platform for industrial innovation.

Held annually since 2004, JIMEX brings together industry leaders, engineers, & decision-makers from across the globe to explore the latest in:

- Industrial and Power Machinery
- Electricity, Automation & Lighting
- Energy & Renewable Technologies
- HVAC, Fire-Fighting, Water, and Gas Systems
- Robotics, AI, and Smart Systems
- Tools and CNC Machining Tools.
- Packaging, Printing, & Plastic Industries

Why Exhibit at JIMEX 2026?

- Strategic B2B networking and business leads
- Access to the MENA region's growing industrial and energy sectors
- Dedicated pavilions and industry-specific halls.
- Strong visitor turnout from Jordan, GCC & other Arab Countries, Europe, and Asia

New at JIMEX 2026: Recycling Sector

As industries and energy systems evolve, recycling has become a vital pillar for sustainability and efficiency.

JIMEX 2026 introduces a dedicated Recycling Sector, showcasing advanced solutions and technologies that transform waste into valuable resources, reduce environmental impact, and support circular economy practices across energy and industrial fields.

This sector highlights innovative recycling processes that contribute to cleaner production, resource efficiency, and greener growth.

Co-located Events:

Alongside JIMEX two events are running:

- SONEX 2026, the 19th Solar Near East Trade Show and Renewable Energy Forum.
- JOPEX 2026: the 6th Jordan Packaging, Printing, & Plastic Trade Show

The forum hosts engaging panels, product showcases, & discussions on:

- PV, Inverters, & Solar Systems
- EV Charging & Smart Grid Integration
- Wind Power & Hydrogen Energy
- Green Energy, Energy Efficiency & Storage

Productivity & Pleasure Combined

JIMEX 2026 will be held in mid-June, with evening opening hours from **4:00 PM to 10:00 PM**, allowing exhibitors to manage their business activities during the morning hours.

The pleasant summer schedule in Jordan grants international exhibitors & visitors the opportunity to explore **Jordan's world-renowned landmarks** — including the **Dead Sea, Petra, Wadi Rum, Jerash, & the Amman Citadel** — while enjoying the comfortable evening climate, with average temperatures below **30°C**.

JIMEX Forum 2026

Connect with experts in high-level panels and technical sessions discussing the future of energy, digital industry, and sustainability.

An essential platform for knowledge sharing and thought leadership.

Sponsorship & Branding Opportunities:

Stand out with customized sponsorship packages, Options include:

- Platinum / Gold / Silver Sponsorships
- Digital Transformation Sponsor
- Forum Partner
- Green Energy Sponsor

Contact our team to tailor a package that fits your brand's goals.

Exhibit with Confidence (Services & Stand Build)

"We offer end-to-end support for exhibitors – from registration and booth selection to shipping logistics and on-site services. Golden Gate, the organizer of JIMEX, is a UFI member and an ISO-certified company, and can even design and build custom stands to meet your needs.

About the Organizers:

Golden Gate for Organization of Exhibitions & Conferences Services:

Founded: 2002 , Full Member in UFI (The Global Organization of the Exhibition Industry), experienced organizer of SONEX & JIMEX, & INTERBUILD with international cooperation and industry backing. www.jordanfairs.com

POST Show Report

JIMEX 2025 at a Glance

- **Edition:** 18th Solar Near East Trade Show & Forum.
- **Dates:** June 23–26, 2025 (confirming 4 days).
- **Venue:** JIEC – Amman (Mecca Mall / Gate3).
- **Co-located with:** JIMEX 2025 (combined platform scale showcased together in your materials).

Official/Industry Support (Prior Edition):

- Jordan Engineers Association
- EEPC India
- Jordan Chamber of Industry
- Amman Chamber of Industry
- Chinese Organizing Partners
- IEEE – Jordan Section

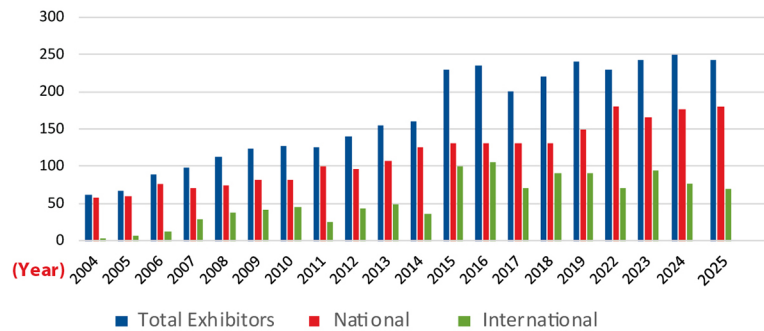

Exhibitors:

- **250+ Exhibitors**

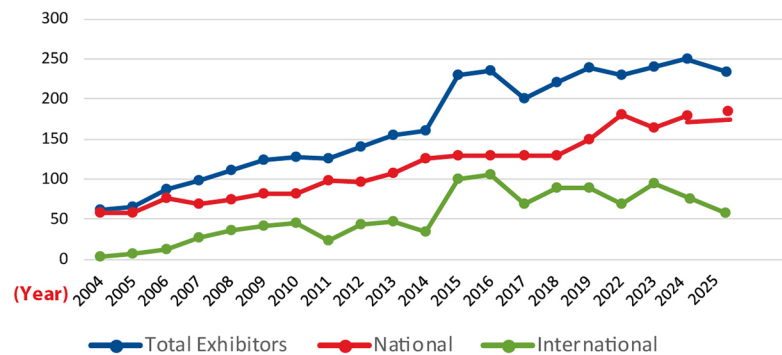

Countries of Exhibitors:

China, India, Russia, USA, Turkey, UAE, Saudi Arabia, and Jordan

JIMEX - Exhibitors Since 2004

Development of Exhibitors Since 2004

Major Sectors Chart - JIMEX 2025

Solar Applications, Wind, EV Charging/ Renewable Energy

- Industrial Machinery
- Tools and Industrial Supplies
- Electricity & Automation
- Solar & Renewable Energy
- Packaging Solutions

Visitors :

- **25,000+ Visitors** including trade professionals, consultants, engineers, and government representatives
- **Countries of Visitors:** Arab Countries, Europe & Turkey, China, India, and Jordan.

Visitors & Markets

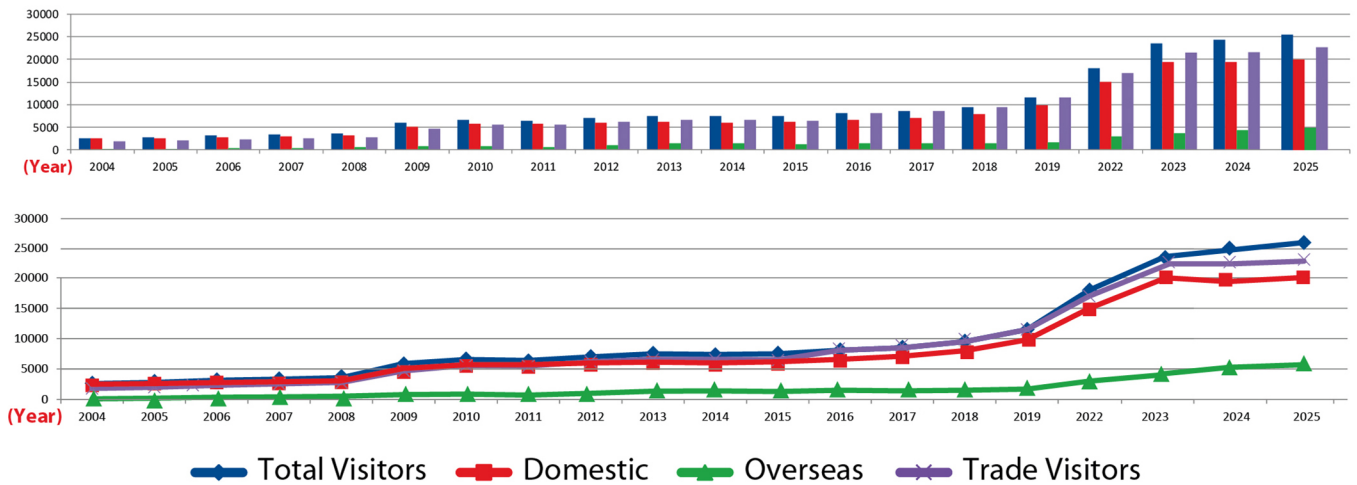

- Visitor profile: Trade professionals in industry, energy, utilities, consultancy, and engineering; with strong regional/international reach.
- International reach: Regular participation/interest from India, China, Turkey, GCC, Europe and beyond (per prior editions and pavilions).

Anticipate JIMEX 2026

JIMEX 2026 is set for June 15–18, 2026 at the JIEC in Amman. It will showcase core sectors such as machinery, electricity, digitalization, lighting, energy, renewable energy, recycling, water technology, HVAC&R, packaging, and more.

JIMEX Visitors Development Since 2004

**E-Register to get
QR free Visit Ticket**

**Mark The Date
June 15 -18, 2026**

Let's reconvene for another innovative rendezvous! Join us for JIMEX 2026, the 21st International Machinery, Electricity, and Energy Trade Show, along with SONEX 2026 and JOPEX 2026.

JIMEX 2026

Major Sectors

Industrial Machinery & Manufacturing Technologies

- Industrial Machines & Production Lines (including Food Machinery, Woodworking, Packaging, Welding, Cutting, Forming, Bearings, Tools, Compressors, Fans, Blowers).
- Construction & Heavy Machinery (Cranes, Forklifts, Conveyors, Storage Systems, Metal Construction Systems).
- Hydraulic & Pneumatic Systems.
- CNC, Tools, and Industrial Supplies.

Water, Gas & Environmental Technologies:

- Water Treatment & Wastewater Recycling.
- Valves, Pumps, Flow Meters, Filters & Instrumentation.
- Gas Technology & Applications.
- Building Management Systems (BMS).

Recycling & Circular Economy (New Major Sector)

- **Energy Recycling:** Batteries, Solar Panels, Oil & Lubricants, E-Waste from Energy Equipment.
- **Industrial Recycling:** Metals, Plastics, Construction & Demolition Waste.
- **Environmental Recycling:** Water Reuse, Industrial By-Products (fly ash, slag, gypsum).

Electricity, Automation & Digital Industries

- Distribution & Control Gear, Switchgear (High, Medium & Low Voltage).
- Transformers, Generators, Motors & UPS Systems.
- PLC, Drives, SCADA & Industrial Software.
- Control, Motion, Instrumentation & Metering.
- Power, Communication & Control Cables.
- Fire Alarm Systems, Traffic Light Systems.
- Industrial & Educational Training Equipment.

Energy, Renewable & Smart Solutions

- Solar PV Systems, Heating & Cooling.
- Wind Generation, Smart Grid & Future Energy Solutions.
- Energy Saving & Efficiency Technologies (including HVAC & R).
- Rehabilitation of Power Generation Units.
- Computers & Software for Energy & Industry.

Security, Safety & Specialized Systems

- Security & Monitoring Systems (CCTV, Automation, Access Control).
- Fire Fighting Systems, Safety Equipment, Pumps & Protection.
- Engineering Software, Lab & Training Equipment.
- Specialized Technologies: Mining Equipment, Drilling & Milling Machines.
- Packaging & Printing Machines & Materials.

JIMEX 2026
